Contract

I understand that children are admitted to the Evanston Montessori Children's House for the nine months from September through May. My agreement to pay fee for this period is not subject to adjustment because of illness, absence, withdrawal, public holidays or when the government declares a public health emergency and closes childcare programs.

I understand that I can cancel this contract, provided I give written notice to the Children's House **30 days before the withdrawal date.**

To reserve a place for my child, I understand that the application forms must be submitted with payment of **\$200 application fee (non-refundable) and two weeks tuition as a deposit.** I will get the deposit back if my child finishes the whole academic year.

Due to the extra ordinary circumstances, the director may at her sole discretion waive any provision of the above paragraphs.
